Faith in Action

Our children never fail to amaze us with their kindness. They are often raising money for charity, looking after a family member or raising awareness about important issues. If your child completes anything like this please let us know then we can celebrate with them too!

St Joseph's are celebrating **World Space Week!** This annual event takes place from 04/10/2023, and we would like the children in school to take part in completing some of the super space-themed activities on the World Space Day homework grid. This has been emailed out, and is also available to download from the Science page on our school website! Upload photos of your child's homework to their **Seesaw** journal by **Monday 3rd October 2023** for them to be shared in your child's class.
