

Working in Partnership

Our Pupil Premium Partnership Group

You
are
Welcome!

St. Joseph's leads the way in liaising with parents and carers of children entitled to the Pupil Premium Grant. Together, we ensure the best for our children to maximise their Pupil Premium funding, supporting them socially, emotionally and academically.

We really do value working with you, your input, ideas and feedback are invaluable. So, please join us for our termly get-togethers, to which you are all invited. It is an opportunity to meet others, ask questions, share experiences if you wish and listen to guest speakers.

Please look out for dates on our School newsletter and letter sent home each term with details of get-together.

St. Joseph's Pupil Premium Review (external review October 2018) states "Impact of spending on pupil outcomes is effective and the school invests in individual pupils and caters for their needs" and the "Impact of Pupil Premium Funding being spent on children's well-being is outstanding".

**Many thanks,
Mrs Watson ~ Pupil Premium Lead**
